

LMS WOMEN IN MATHEMATICS DAY 2014

The Women in Mathematics Day is an annual event organised by the London Mathematical Society. This year it will be held on **Friday 25 April** at De Morgan House in London. As usual, sessions will include talks by women mathematicians at different career stages and a poster session. There will also be a number of practical sessions to help women get the most out of their careers in mathematics. Sessions will include advice on how to get funding for your first postdoc and beyond and discussion groups on topics such as combining family and career, working overseas and making the next step in your career.

The event provides an opportunity to meet and talk with women who are active and successful in mathematics.

The event is open to all but would be of particular interest to women mathematicians, particularly PhD students and those at an early stage of their career.

Any postgraduates, postdocs or research assistants interested in giving a talk or presenting a poster at the meeting should contact Eugenie Hunsicker (e.hunsicker@lboro.ac.uk) by **28 March 2014**.

To encourage high quality posters, a £50 book token will be awarded for the poster that is judged to be the WiM Day Best Poster 2014.
